

# Registered Professional Biologist/Biologist In Training Academic Self Assessment Form

All applicants for Registered Professional Biologist (RPBio) and Biologist in Training (BIT) are required to complete this academic self assessment form as part of their application package.

→ The intent of the form is to guide applicants on whether their academic background will meet the requirements of [Schedule 3](#) of the *College of Applied Biology Rules*.

→ Please note: the assessment of the Credentials Committee will be based on a complete review of academic transcripts and course descriptions and may not necessarily agree with the results of this self assessment.

**Note:** Please complete either section A or B only. You are not required to complete both.

Name:  Date:

I am from an institution accredited by the College (<https://www.cab-bc.org/accredited-post-secondary-programs-rpbio>).
