

## Work Experience Worksheet

CAB Office Use Only:

Master Research (12 months)       PhD Research (24 months)

Applicant meets the 36 month work experience requirement?

Yes       No

Additional Comments:

The applicant shall submit documentation to demonstrate a minimum of three (3) years experience practising applied biology post university graduation within the ten (10) years prior to application. The work experience must demonstrate the applicant has progressed beyond following prescriptions to exercising professional level judgement and discretion. Documentation must include:

A clear statement, in chronological order, of all post graduation applied biology work experience specifying in each case:

- \*The employer;
- \*The length of time employed;
- \*The job category;
- \*A detailed description of the work;

Note: 1 year of work experience is awarded for a M.Sc. and 2 years are awarded for a PhD.
