

Biologist

Ecofor Consulting Ltd. is a natural and cultural resource management company with a team of over 50 professional and technical employees. Ecofor has offices in British Columbia, Alberta, Yukon Territory and Nova Scotia (www.ecofor.ca).

Are you looking for an opportunity to work with a dynamic team of professionals? Ecofor is currently seeking Biologists to join our team in Prince George, Fort St. John, and Terrace, BC. This is a full-time position offering competitive wages, benefits and opportunities for professional growth and career development.

Key Responsibilities:

- Leading and joining field teams in various disciplines (wildlife assessments, bird surveys, fish habitat assessments, water quality, environmental monitoring, working with sediment and erosion control measures and wetland assessments).
- Working with management and construction teams to ensure compliance with environmental best practices, commitments, permits, laws, regulation and develop recommendation to resolve non-conformances.
- Contributing to environmental impact assessments, mitigation plans and proposals. Assist in preparing and obtaining regulatory approvals for a wide variety of projects such as transportation, renewable energy, mining, oil and gas, etc.
- Providing technical leadership within a team environment.
- Senior level responsibilities would include Field Coordination and Project Management.
- Promoting a strong safety culture and working collaboratively within Ecofor corporate culture.

Skills and Qualifications:

- Minimum B.Sc. in biology or related discipline with three (3) years' experience.
- RPBio and/or PBIol designation or eligibility. Additional professional designations are an asset.
- Sound knowledge of field techniques and regulatory standards necessary for conducting a variety of field activities (i.e. wildlife assessments, bird surveys, water quality, fisheries inventories/salvage, environmental monitoring/inspection).
- Knowledge of the provincial and federal environmental assessment regulatory environment.
- Excellent organizational, interpersonal, time management skills and physically fit.
- Ability to work independently with minimal supervision.
- Excellent writing and communication skills, desire to grow business, and work closely (both in a field lead and support role) with other environmental professionals, environmental discipline leads, and First Nations.
- Proficient in the operation and maintenance of required field equipment.
- Must possess a valid driver's license, and preferably can operate snowmobiles, ATVs and/or UTVs.

Job ID Numbers:

- 2019-018 Position – Prince George, BC.
- 2019-019 Position – Fort St. John, BC.
- 2019-020 Position – Terrace, BC.

Please send your resume and cover letter to careers@ecofor.ca by **April 17, 2019**. Please include the **Job ID number(s) you are applying for in your cover letter/ resume**. We wish to thank everyone for their interest in Ecofor; however, only those selected for an interview will be contacted.
