

## Registered Professional Biologist Membership Application

Important: A person who applies for membership in the College as an R.P.Bio., but who is deemed not to meet those criteria, is not automatically reassessed for Biologist in Training (B.I.T.) status. A new application and a second application fee will have to be submitted. Applicants need to use good judgment when deciding on the application category.

Name in Full	_____	Email Address	_____
Home Address	_____	City	_____

Office Phone	_____		

### Education Information

Official transcripts must be sent to the College along with course descriptions. For help in determining whether course work meets the academic requirements of the College, please use the [academic worksheet](#) on this web site.

International Applicants :

Transcripts that are not in English must be accompanied by an English translation signed by a qualified, official translator. All transcripts outside of Canada and the US must be assessed by an international credential evaluation service.

Degree Awarded	Year	College or University	Program

## Employment Summary

All R.P.Bio applicants must provide the following work experience information;

- o A clear statement, in chronological order, of applied biology work experience post B.Sc specifying in each case:

- The employer;

- The length of time employed;

- The job category;

- A detailed description of the work; and

- o If there are periods where employment has overlapped please state clearly the length of employment for each employer / project.

To aid the applicant in determining whether their work experience may meet the requirements of the College on this website for the applicant's use. All components in this worksheet are required for the application to be complete and therefore the applicant may wish to use this form in lieu of a C.V. / resume.

To access go to [employment worksheet](#).

## Reports / Publications Submitted

- o Draft reports will not be accepted

- o All reports must be post degree, in English and for Journal publications and theses the abstract must be in English.

- o Post-graduate degree theses on applied biology topics and that have been accepted by the degree granting institution may be accepted as professional reports.

- o Where a report has multiple authors and the applicant is not lead author, the role of the applicant must be corroborated by the lead author in writing.

Applicants for R.P.Bio. status must submit at least one and up to three professional biology reports or publications.

To determine whether a report is likely to meet the requirements of the College, please refer to the [Report Worksheet](#).

## Letters of Reference

Please provide the names of three referees knowledgeable about your professional experience as a biologist. If you do not know a Professional Biologist please use a professional from another resource organization such as the ABCFP, APEGBC or BCIA. Preferred referees will include your current employer, previous employers or supervisors and one Professional Biologist.

Note: only two letters of reference will be accepted from a current employer.

A link is provided below for you to send it to your chosen referees. If you wish to view the reference form go to [reference form](#).

Note: All applicants must use the reference form provided by the College.
