

AQUAPARIAN

Environmental Consulting Ltd.

INTERMEDIATE BIOLOGIST- NANAIMO BC

Aquaparian is a small environmental consulting company located in Nanaimo BC providing a wide range of environmental services in terrestrial, freshwater and marine environments to our clients since 2011. Our projects are primarily located on Vancouver Island with occasional projects in other parts of BC.

Types of services we provide include marine, freshwater and terrestrial habitat assessments, environmental impact studies, construction monitoring, environmental management plans, RAR assessments, habitat restoration / remediation plans, small wildlife studies, land-use feasibility studies, project permitting, and CEAA studies for First Nation projects.

We are seeking applications for an **Intermediate Biologist** with 5 to 8 years of experience in the environmental consulting industry with an interest in being involved in all aspects of a variety of projects. We are looking for an R.P.Bio or individual working toward becoming an R.P.Bio.

Qualifications Required:

- A B.Sc. related to environmental biology or ecology with marine ecology experience preferred;
- A minimum of 5-8 years' experience working in the environmental industry with good field experience;
- Terrestrial vegetation, bird, fish and wildlife identification;
- Marine algae, fish and invertebrate identification;
- A strong understanding of federal, provincial and municipal regulations;
- Strong communication skills;
- In-depth experience preparing high quality written reports;
- Experience in environmental monitoring during construction;
- Working knowledge of standard field equipment, GPS, water quality sampling. Water and soil sample collection. Drop camera, underwater video and acoustic hydrophone training/experience would be an asset;
- Class 5 drivers licence. Small boat operator's licence;
- Commercial diving certification would be an asset;
- Willingness to work remotely on occasion;
- Safety conscious, integrity, dedicated to high quality work.

Aquaparian can offer competitive salary, flexible working arrangements, in-house and external training and the opportunity to work on a wide variety of projects.

How to apply:

Please submit your resume and cover letter outlining you education and experience to czamora@aquaparian.com; sbonar@aquaparian.com. Closing date until position filled.
