

DWB Consulting Services Ltd.

Senior/Intermediate
Assessment and Remediation Specialist
Project Manager

Fort St. John, BC

DWB Consulting Services Ltd. (DWB) is an integrated consulting firm specializing in offering clients environmental, engineering, and forestry services. DWB employs diversified professional and technical staff with a wide range of experience. Our team approach and quality service has led to many long-term direct award relationships with clients in the forest, mining, oil and gas, and transportation sectors. DWB is seeking applications for a senior/intermediate assessment and remediation specialist with experience in disturbed site soil and groundwater assessment and remediation in BC and AB.

Knowledge and experience with relevant British Columbia provincial and federal legislation and familiarity with the environmental site assessment process is a requirement. This position will be responsible for overseeing fundamental tasks related to Stage 1 and 2 Preliminary Site Investigations, including surface soil and water sampling, groundwater monitoring and sampling, drilling supervision, remedial excavations, reporting and spill response.

The successful candidate will have a minimum of 8-10 years working in oil and gas, and must be able to thrive in a demanding, fast-paced progressive work environment. This successful applicant must have, or be eligible for, membership in a relevant professional organization, such as the BCIA, or College of Applied Biology. The preferred candidate will be able to work with strategic alliances both internally and externally from our DWB team. In addition, he/she will have strong communication and organization skills and effective relationship building skills, especially as it pertains to First Nations.

Current experiences should include, but are not limited to;

- Disturbed site soil and groundwater assessment, remediation and reclamation,
- Stage 1 and 2 PSI reporting,
- Project management,
- Being part of a multi-disciplinary team of professionals,
- Liaising with regulators and clients,
- Understanding environmental policy and regulations,
- Scientific report writing and,
- Working with First Nations

Salary to commensurate with experience and industry standards. DWB provides a benefits package and other incentives for employees, including; annual bonus, professional development, and many other company sponsored events.

To apply, please email resume and cover letter to Jeff Beale at jbeale@dwiconsulting.ca.
