**Eco-Web Ecological Consulting Ltd.** offers a full spectrum of environmental services to the energy sectors (oil and gas, hydroelectric, wind), transportation sector and government in northeastern British Columbia and Alberta. Eco-Web specializes in pre-development environmental assessments, fish and wildlife research, wildlife mitigation planning, environmental construction monitoring, reclamation and natural restoration and wildlife management during emergency spill responses.

Eco-Web is looking to add to our team with experienced, hardworking, self-motivated people with a drive to succeed and further their careers on dynamic and exciting projects. As a small company we can guarantee that your professional development and career growth will be maximized on our team.

Eco-Web is currently looking to fill these full time positions in our Fort St John office;

**Intermediate Biologist / Avian Biologist / Project Manager** – we are seeking experienced

biologists to be part of a multidisciplinary team looking after ecological, avian, fish and wildlife-based projects. Experience will be needed in: wildlife mitigation planning, wildlife assessments, fish/stream inventory and classification, breeding bird surveys and nest mitigation / monitoring, fish and wildlife research, environmental monitoring. A strong background in project management would be valuable. Other duties include daily and interim reporting, mitigation planning and fieldwork, GIS/mapping, and the ability to work long hours in the field under difficult conditions. The candidate should have a minimum of 5-10 years' experience and a BSc or MSc in biology or related sciences or alternatively a relevant post-secondary diploma plus related work experience in resource management and ecology will be considered. Registered Professional Biologist standing is necessary for these positions.

Positions are based out of Fort St. John, BC and applicants are expected to be based locally for this work. Employee versus subcontractor designation will be at Eco-Web's discretion and subject to negotiation. Compensation is dependent on experience. Please send resumes to [jobs@eco-web.ca](mailto:jobs@eco-web.ca) or to our office at 8211 93rd Street, Fort St. John, BC V1J 6X1. Resumes will be received until May 1, 2019, although some positions will start earlier.
