

# Sr. Terrestrial Ecologist

Grande Prairie or Calgary, AB

## Down to Earth Biology

EDI is an employee owned company that has been in business for 25 years with offices across western and northern Canada. EDI provides science-based environmental consulting services and products to all major natural resources sectors, First Nations, and government.

### Why is EDI right for you?

- Our core focus is Aquatic and Terrestrial biology.
- We maintain a unique company structure based on interdisciplinary teamwork that fosters a high rate of employee retention.
- We operate on the core principles of providing high quality service, open communication, mutual respect, and a safe work environment.

EDI is seeking a qualified team member with a professional background in terrestrial ecology, experience in project management and business development, and a proven track record of delivering effective project outcomes and solutions. The successful candidate will be responsible for an array of projects (i.e., by leading a science-based team across a diverse range of industry sectors) and develop business opportunities targeting key regional clients.

### Our ideal candidate will hold:

- A minimum of 10 years' related consulting experience (or equivalent).
- B.Sc. degree in biology or related discipline(s); M.Sc. or Ph.D. degrees would be an assets.
- Registration or eligibility for registration as R.P.Bio., P.Biol., or P.Ag. (or similar)
- In-depth knowledge and experience of terrestrial ecology in western Canada, such as soil science, vegetation ecology and taxonomy (including listed species), Terrestrial Ecosystem Mapping, wetland ecology, and/or reclamation.

### In addition to:

- Proven experience navigating the provincial and federal regulatory environment, conducting impact assessments, and development and implementation of mitigation
- Proven experience in the natural resources sectors, including upstream oil and gas, pipelines, transportation, mining, renewable energy and/or urban development.
- Record of professional report writing, client management and business development.
- Sound communication, organizational and time management skills.
- Self-motivation and an ability to respond in a fast-paced environment.
- Experience and interest in mentoring staff and providing support/supervision.
- Willingness to travel for field work in remote locations and/or between offices.
- Class 5 driver's licence.

If you are ready for new challenges and a positive career experience, please email your resume in confidence by April 30, 2019 to: [employment@edynamics.com](mailto:employment@edynamics.com) with **GPC0430** in the subject line.

Applicants will be considered as their resumes are received and may be requested for an interview prior to the closing date. Only candidates requested for personal interviews will be contacted. Should an individual with the required qualifications not be available, applicants with closely related qualifications may be considered. As a result, the position may be reclassified and offered without reposting.
